

## MEMORANDUM

**TO: CITY COUNCIL**

**FROM: CHRISTOPHER MAGDOSKU, DIRECTOR OF PUBLIC WORKS**

**BY: SHANE TAYLOR, UTILITIES MANAGER**

**SUBJECT: MONTHLY WATER SUPPLY AND DEMAND UPDATE**

**DATE: JULY 25, 2017**

**RECOMMENDATION:**

It is recommended the City Council receive and file the monthly Water Supply and Demand Report.

**SUMMARY OF ACTION:**

Review the report of the monthly water supply in Lopez Reservoir.

**IMPACT ON FINANCIAL AND PERSONNEL RESOURCES:**

Approximately two (2) hours of staff time is required to prepare the monthly report.

**BACKGROUND:**

On April 25, 2017, the City Council, by resolution, rescinded the Stage 1 Water Shortage Emergency and related emergency water conservation measures and restrictions. During the public hearing the City Council requested staff to continue preparing the monthly water supply and demand updates. The Council also urged citizens to remain cognizant of how they use water, and that the previously adopted permanent water saving measures are still in effect.

In June, the City's water use was 32% below June 2013. The State's required reduction was based on the 2013 water usage. There is currently no required reduction imposed by the State Water Resources Control Board. The City however, is still required to report monthly statistics to the State. As a comparison for a single month, water usage statistics were 11% higher in June 2017 than June 2016.

**ANALYSIS OF ISSUES:**

The United States Department of Agriculture (USDA) Drought Monitor, as of July 6, 2017, shows San Luis Obispo County as abnormally dry. Rain fall to date (July 1, 2016 to June 30, 2017) is 26.75 inches at the Corporation Yard gauge. Lopez Lake, as of July 11, 2017, is at 59% capacity (29,669 acre-feet of storage).

**CITY COUNCIL  
MONTHLY WATER SUPPLY AND DEMAND UPDATE  
JULY 25, 2017  
PAGE 2**

At the County of San Luis Obispo Board of Supervisors meeting on May 23, 2017, the Board rescinded the drought emergency proclamation. However, as recommended by the Zone 3 Advisory Board, the Board of Supervisors kept the Low Reservoir Response Plan in place. This will allow carryover water to be available until March 30, 2018 to all contractors. The new water year began on April 1, 2017 and the current total available supply from Lopez is 2,290 acre-feet, the City's normal entitlement, plus 1,249 acre-feet of carryover. In addition, the City has 1,323 acre-feet of ground water entitlement from the Santa Maria Basin and 200 acre-feet from the Pismo Formation.

Based on the projected water use of 2,500 acre-feet, the City will meet the demand in water year 2017/18, using only 50% of current supply.

**ADVANTAGES:**

No advantages noted at this time.

**DISADVANTAGES:**

No disadvantages noted at this time.

**ALTERNATIVES:**

Not applicable at this time.

**ENVIRONMENTAL REVIEW:**

No environmental review is required for this item.

**PUBLIC NOTIFICATION AND COMMENTS:**

The Agenda was posted at City Hall and on the City's website in accordance with Government Code Section 54954.2.

**Attachments:**

1. Lopez Reservoir Storage Projections

												Last Month Stored State Water		<b>720.6</b>			This Month Stored State Water		<b>817.27</b>				

Note: Deliveries are in acre feet. One acre foot = 325, 850 gallons or 43, 560 cubic feet. Safe yield is 8,730 acre feet.

"Year to Date" is January to present for State water, April to present for Lopez deliveries, and July to present for rainfall.

Lopez Dam Operations	This Month	Year to Date		
Lake Elevation (full at 522.37 feet)	498.01	522.37	Difference (feet)	-24.36
Storage (full at 49200 acre feet)	29938	49200	% Full	60.8%
Rainfall	0	37.48		
Downstream Release (4200 acre feet/year)	273.44	594.14		
Spillage (acre feet)	0	0.00		

**Comments:** Reservoir is currently operated under the Low Reservoir Response Plan. Reservoir is above 20,000 AF therefore no reduction in entitlements.

Surplus water shown is actually "Carry Over" water as designated in the LRRP and updated per BOS May 2, 2017 Declaration of Surplus.

1) Oceano supplied State Water to Canyon Crest via Arroyo Grande's Edna turn out. A total of 2.53 AF delivered to Canyon Crest was added to Oceano's State Water usage this month and 2.53 AF was subtracted from Arroyo Grande's usage this month.
