

MEMORANDUM

TO: CITY COUNCIL

FROM: SHANE TAYLOR, UTILITIES MANAGER

SUBJECT: MONTHLY WATER SUPPLY AND DEMAND UPDATE

DATE: NOVEMBER 28, 2017

SUMMARY OF ACTION:

This update reports the water supply and demand for October 2017. Current Lopez Reservoir level and projected levels are provided in the attachments.

IMPACT ON FINANCIAL AND PERSONNEL RESOURCES:

Approximately two (2) hours of staff time is required to prepare the monthly report.

RECOMMENDATION:

It is recommended the City Council receive and file the monthly Water Supply and Demand Report.

BACKGROUND:

On April 25, 2017, the City Council, by resolution, rescinded the Stage 1 Water Shortage Emergency and related water conservation measures and restrictions. During the public hearing the City Council requested staff to continue preparing the monthly water supply and demand updates. The Council also urged citizens to remain cognizant of how they use water, and reminded them that the previously adopted water saving measures are still in effect.

In October, the City's water use was 15% below October 2013. The State's previously mandated water use reduction was based on the 2013 water usage. There is currently no required reduction imposed by the State Water Resources Control Board. The City however, is still required to report monthly statistics to the State. As a comparison for a single month, water usage statistics were 28% higher in October 2017 than October 2016.

ANALYSIS OF ISSUES:

The United States Department of Agriculture (USDA) Drought Monitor, as of November 7, 2017 shows San Luis Obispo County in a moderate drought. Rain fall to date (July 1, 2017 to October 31, 2017) is 0.25 inches at the Corporation Yard gauge. Lopez Lake, as of November 14, 2017 is at 53.5% capacity (26,439 acre-feet of storage).

MONTHLY WATER SUPPLY AND DEMAND UPDATE
NOVEMBER 28, 2017
PAGE 2**

At the County of San Luis Obispo Board of Supervisors meeting on May 23, 2017, the Board rescinded the drought emergency proclamation. However, as recommended by Zone 3 Advisory Board, the Board of Supervisors kept the Low Reservoir Response Plan in place. This will allow carryover water to be available until March 30, 2018 to all contractors. The new water year began on April 1, 2017 and the current total available supply from Lopez is 2,290 acre-feet, our normal entitlement, plus 1,249 acre-feet of carryover. In addition we have 1,323 acre-feet of ground water entitlement from the Santa Maria Basin and 200 acre-feet from the Pismo Formation.

Based on the projected water use of 2,500 acre-feet, we will meet the demand in water year 2017/18, using only 50% of current supply.

ADVANTAGES:

No advantages noted at this time.

DISADVANTAGES:

No disadvantages noted at this time.

ALTERNATIVES:

Not applicable at this time.

ENVIRONMENTAL REVIEW:

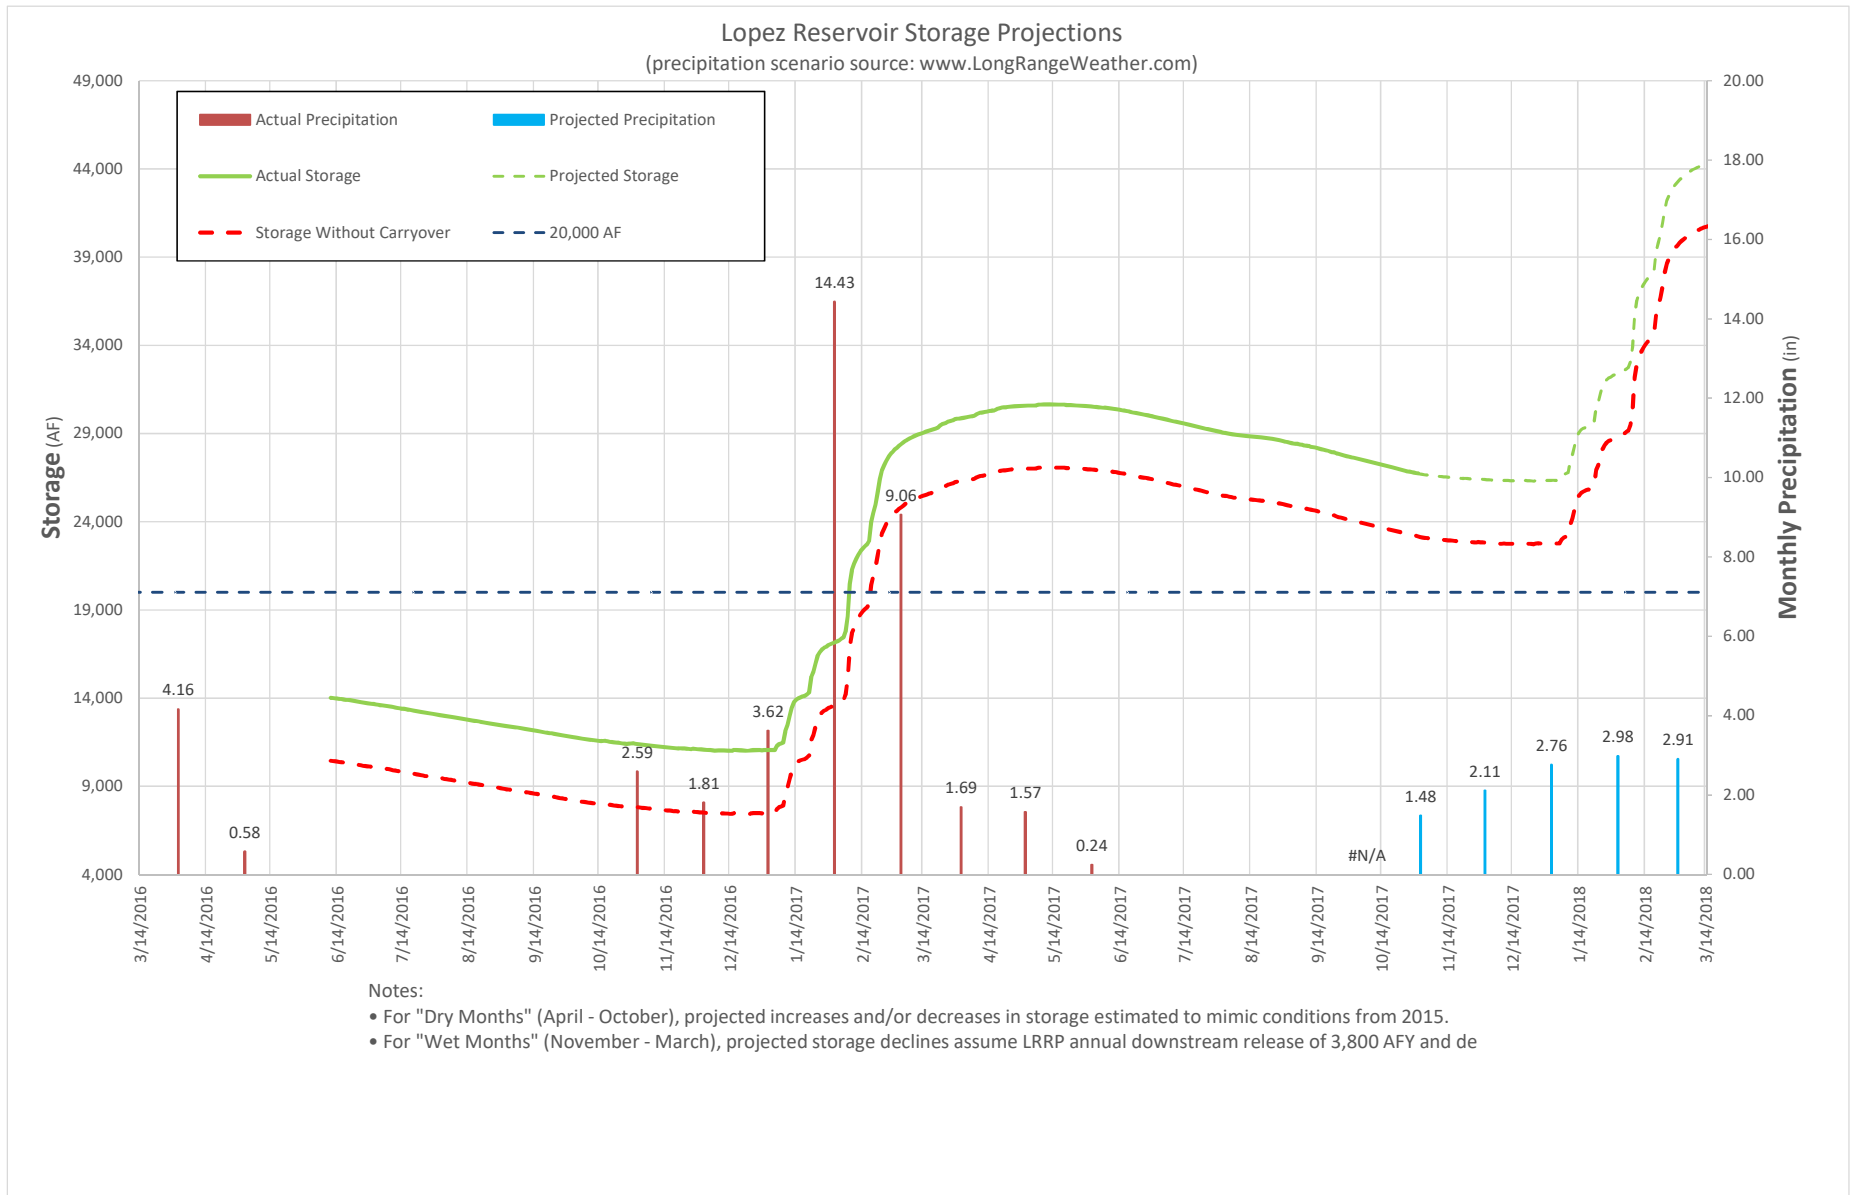

No environmental review is required for this item.

PUBLIC NOTIFICATION AND COMMENTS:

The Agenda was posted at City Hall and on the City's website in accordance with Government Code Section 54954.2.

											Last Month Stored State Water			1197.14				This Month Stored State Water			1180.55		

Note: Deliveries are in acre feet. One acre foot = 325, 850 gallons or 43, 560 cubic feet. Safe yield is 8,730 acre feet.

"Year to Date" is January to present for State water, April to present for Lopez deliveries, and July to present for rainfall.

Lopez Dam Operations	This Month	Year to Date	Difference (feet)	% Full
Lake Elevation (full at 522.37 feet)	492.98		-29.39	
Storage (full at 49200 acre feet)	26715			54.3%
Rainfall	0.08	0.24		
Downstream Release (4200 acre feet/year)	344.64	1940.58		
Spillage (acre feet)	0	0.00		

Comments: Reservoir is currently operated under the Low Reservoir Response Plan. Reservoir is above 20,000 AF therefore no reduction in entitlements.

Surplus water shown is actually "Carry Over" water as designated in the LRRP and updated per BOS May 2, 2017 Declaration of Surplus.

1) Oceano supplied State Water to Canyon Crest via Arroyo Grande's Edna turn out. A total of 2.67 AF delivered to Canyon Crest was added to Oceano's State Water usage this month and 2.67 AF was subtracted from Arroyo Grande's usage this month.
