

CITY OF ARROYO GRANDE FY 2013-14/ FY 2014-15 LOCAL SALES TAX ALLOCATION REPORT

In November 2006, the voters of Arroyo Grande approved Measure O-06, which established a half-cent local sales tax to meet City needs identified in the City's long-range financial plan. The following four categories of needs were projected:

- Infrastructure improvements, including the street, drainage and creek systems;
- Transportation projects;
- Public safety needs; and
- Facility upgrades to meet Americans with Disabilities Act (ADA) requirements.

To ensure accountability, the measure included a provision requiring the City to publish and distribute an annual report to each household on the revenues and expenditures from the sales tax proceeds. As a result, this report summarizes all actual local sales tax expenditures for Fiscal Year 2013-14 and all budgeted local sales tax expenditures for Fiscal Year 2014-15. Total costs for some items exceed the amounts listed due to revenues provided from other sources.

If you have questions or would like additional information regarding any of the items or figures outlined in this report, please feel free to contact City Hall at 473-5400.

LOCAL SALES TAX ACTUAL AND BUDGETED EXPENDITURES FOR FISCAL YEARS 2013-14 AND 2014-15

Item	FY 2013-14 Actual	FY 2014-15 Budgeted
